Lindon, UT 84042

## RE: Audio GRAMA Request

Dear Mr. Allen:

This letter is in response to your September 12, 2019 audio GRAMA request for a recording of an alleged telephone recording left on a court telephone line on August 4, 2016.

In consulting with the Court's Information Technology Department, who is responsible for all IT services including the court's telephone system, deleted voicemails messages can be retrieved for up to 14 days from the date the user deleted the message. The date in your request far exceeds the 14 day limit. And the court does not have the necessary technological means to save a telephone voicemail and attach it to the electronic case file, which are entirely different systems. Your request was submitted for review, and all records for the date of your request yielded no results.

I apologize that the court is not able to grant this request.

Sincerely,

**MARK A. URRY**  
Trial Court Executive
